SPRINT 1: February 1-14

Standup #1, February 2	
Albert	
What did you work on since the last standup?	I started adding Firebase Auth and Admin SDK to our project.
What are you committing to next?	I am going to finish setup and clean up my code and merge my changes into develop.
When do you think you'll be done?	By next standup.
Do you have any blockers?	No.
Dianna	
What did you work on since the last standup?	I started the design for the mobile interface of our app.
What are you committing to next?	I am going to finish designing the landing page and work on the design for listing pages.
When do you think you'll be done?	By next standup.
Do you have any blockers?	No.
Emily	
What did you work on since the last standup?	Begin setup on AWS S3 for images
What are you committing to next?	Finish setup for picture of parking spots
When do you think you'll be done?	Next standup.
Do you have any blockers?	No.
Jaehyeon	
What did you work on since the last standup?	I have successfully finished the react native setup and started working on the map component.
What are you committing to next?	Finish the map component.

When do you think you'll be done?	By next standup.
Do you have any blockers?	No.
Thorge	
What did you work on since the last standup?	I worked on making schemas for our database design.
What are you committing to next?	I am going to finish the basic schemas for users and listings
When do you think you'll be done?	By next standup.
Do you have any blockers?	No impediments yet.

Standup #2, February 5	
Albert	
What did you work on since the last standup?	I finished setting up basic authentication.
What are you committing to next?	Setting up social auth and verifying the backend can authorize client side tokens
When do you think you'll be done?	By Feb 14
Do you have any blockers?	Midterms
Dianna	
What did you work on since the last standup?	Designing the landing page and worked on the design for listing pages.
What are you committing to next?	I am going to finish the listing pages design and work on the profile page.
When do you think you'll be done?	By Feb 12
Do you have any blockers?	Midterms
Emily	
What did you work on since the last standup?	Created S3 bucket.
What are you committing to next?	Get Google Maps on Android. Also a form

	for listings.
When do you think you'll be done?	In two standups
Do you have any blockers?	MIDTERMS and Android discrimination
Jaehyeon	
What did you work on since the last standup?	I worked on integrating the React Native Maps component to the project
What are you committing to next?	Continue debugging the map component
When do you think you'll be done?	By next standup.
Do you have any blockers?	The Map component does not load. Midterms
Thorge	
What did you work on since the last standup?	Schemas (especially flexible availability)
What are you committing to next?	Preparing the System Design Document
When do you think you'll be done?	A few days after exams.
Do you have any blockers?	Midterms and Exam studying

Standup #3, February 7	
Albert	
What did you work on since the last standup?	Starting to set up social auth
What are you committing to next?	Finishing setting up social auth for the clientside
When do you think you'll be done?	Next standup.
Do you have any blockers?	Midterms.
Dianna	
What did you work on since the last standup?	I continued working on the listing and profile pages.

What are you committing to next?	I will work on the view bookings design.
When do you think you'll be done?	Next standup.
Do you have any blockers?	Midterms.
Emily	
What did you work on since the last standup?	Basic form for listings
What are you committing to next?	Complete listings form
When do you think you'll be done?	next sprint
Do you have any blockers?	Midterms
Jaehyeon	
What did you work on since the last standup?	I continued working on the left off work from last meeting.
What are you committing to next?	I will continue working on fixing the bug related to Map.
When do you think you'll be done?	By next standup.
Do you have any blockers?	Midterm
Thorge	
What did you work on since the last standup?	Setting up Dev Environment
What are you committing to next?	System Design Document
When do you think you'll be done?	By next Standup
Do you have any blockers?	Exam

Standup #4, February 9

Albert

What did you work on since the last standup?	Finished setting up social auth on client side
What are you committing to next?	Connecting firebase auth tokens to backend to verify
When do you think you'll be done?	Next standup
Do you have any blockers?	Midterms

Dianna

What did you work on since the last standup?	View bookings design.
What are you committing to next?	Messages and contact page design.
When do you think you'll be done?	Next standup.
Do you have any blockers?	Midterms.

Emily

What did you work on since the last standup?	Finish listing form frontend
What are you committing to next?	Continue listing
When do you think you'll be done?	Feb 14th
Do you have any blockers?	Midterms

Jaehyeon

What did you work on since the last standup?	Continuation of debugging
What are you committing to next?	Continuation of debugging
When do you think you'll be done?	By next standup.
Do you have any blockers?	I am not able to fix the bug.

Thorge

What did you work on since the last standup?	CRC cards
What are you committing to next?	High-Level System Hierarchy
When do you think you'll be done?	Next Standup
Do you have any blockers?	-

Standup #5, February 12

Albert

What did you work on since the last standup?	Continuing to work on social auth integration.
What are you committing to next?	Finishing the integration
When do you think you'll be done?	By next standup
Do you have any blockers?	Midterms

Dianna

What did you work on since the last standup?	Messages and contact info design.
What are you committing to next?	Filter overlay design and other filler page designs.
When do you think you'll be done?	Next standup.
Do you have any blockers?	Midterms.

Emily

What did you work on since the last standup?	Cloudfare bucket
What are you committing to next?	Cloudfare bucket
When do you think you'll be done?	feb 14th
Do you have any blockers?	Midterm

Jaehyeon

What did you work on since the last	I have made the Map component load

standup?	successfully.
What are you committing to next?	I will work on loading the database data to frontend, and marking them on the map.
When do you think you'll be done?	By next sprint
Do you have any blockers?	No.
Thorge	
What did you work on since the last standup?	High-Level System Hierarchy
What are you committing to next?	Finish System Design Document & Schema
When do you think you'll be done?	Next Standup
Do you have any blockers?	-

Standup #6, February 14	
Albert	
What did you work on since the last standup?	Finished integrating social auth and backend integration.
What are you committing to next?	Frontend design and page routing
When do you think you'll be done?	Next standup.
Do you have any blockers?	No.
Dianna	
What did you work on since the last standup?	Designing filler pages for app design (ie. filter overlays)
What are you committing to next?	Adding extra buttons, refining design and official stylization.
When do you think you'll be done?	Next standup.
Do you have any blockers?	No.
Emily	
What did you work on since the last	Cloudfare bucket + listing

standup?	
What are you committing to next?	Integrate listing with map.
When do you think you'll be done?	Next standup
Do you have any blockers?	No
Jaehyeon	
What did you work on since the last standup?	I worked on converting the provided design into frontend code.
What are you committing to next?	I will continue working on the frontend design.
When do you think you'll be done?	I will be done by the end the day.
Do you have any blockers?	No.
Thorge	
What did you work on since the last standup?	System Design Document &
What are you committing to next?	Finishing the documentation for sprint1
When do you think you'll be done?	Today
Do you have any blockers?	-
